HARRY MADDEN, Business Manager

Bates Smoker

Oft times at night I light my pipe,
And watch the glowing grates;
The shadows fall while I recall
Each dream of dear old Bates;
Each fair co-ed, each lesson read,
Each comrade's friendliness.
Each victory comes back to me,
Each dream brings happiness.

DEDICATION

Because words are easy to coin they have a low par value, and therefore this testimony is as brief as it is sincere. The members of the class of 1935 are honored in dedicating this issue of the Mirror to their friend, Prof. Paul B. Bartlett.

PAUL B. BARTLETT, A. M.

PRESENTATION

The activities of Bates students are naturally centralized in the State of Maine, and in Maine all activity tends to center around the seacoast, rivers, and lakes. In this issue of the Mirror an effort has been made to present an accurate record of the college for the year 1934-35, and also to incorporate certain reminders of the Pine Tree State. It is the hope of the Mirror Board that this book will help to preserve the traditions and friendships that have been willed to us by our Alma Mater.

Farewell

I'm a-sittin' by the fireplace
A-starin' at the blaze,
Just a-thinkin' how we're goin' to miss
Our dear old college daze.

Those sessions spent with HARRY ROWE
A-talkin' o'er our cares;
Those hours in reception rooms
'Mongst happy, lovin' pairs.

And good old DEAN—and LENA
Decked out for winter sports,
And the ravin's of MA ROBERTS
When she was outa sorts!

AUNT METTY with her walkin' stick
A-shufflin' out to teas,
And NORMAN ROSS a-sputterin' 'bout
His darned old "breakage fees!"

Then there's PREXY'S English accent
Unchanged throughout the "yeahrs,"
And WILLIE WHITEHORNE'S lectures
On the heavens and the stars;

"DOC" FISHER'S Weather Bureau,
And MRS. MABEE'S sigh,
And that naughty little twinkle
In ANDY MYHRMAN'S eye;

"DOC" GOODWIN'S panacea
Of "a pill or two each hour,"
And DUTCHY leadin' chapel,
Assumin' Prexy's power;

FREDDY and his "Angel"
Upon their Sabine Farm,
And the ever well-groomed WHITBECK
Whose silence is his charm;

"Ed" classes with MacDONALD
Never endin' at the bell;
And Hair-at-half-mast SEWARD
Tearin' down the street pell mell.

Raw-boned, rugged SAMMY
The boy from the Golden West,
And kindly, lovable GOOSEY CHASE
The bestest of the best;

Genial old DOC BRITAN
Dissertatin' on his dog,
And Sees-all-knows-all BOBBY
Criticizin' Sandburg's "Fog;"

UNCLE BUD, the crooner,
With his devastatin' line,
And Temperance-leader QUIMBY
Who's death on beer and wine.

Our football genius, MOREY,
Greatest mentor of them all,
And his assistant, BUCK SPINKS
He, of the southern drawl;

Public Speaking with PROF. ROB
We never can forget,
And POMEROY'S various "cycles"
We haven't got straight yet.

Then there's OLLIE'S darin' lectures on
"What every boy should know,"
And the peaceful economics course
We took with SLEEPY JOE—

I wish I could go on like this
A-namin' every one,
But doggerel's muse is leavin'
So I'm afraid I'm done.

Now, you whom we've not mentioned,
Consider yourselves blest;
And you whom we have slammed a bit
Please take it all in jest.

Farewell—We'll surely miss you
When we've gone from dear old Bates,
But we'll send our children to you
If you'll cut down on the rates!

Whatever Thurlie does is worth while. We have always admired her for her quietness, modesty, and sincerity.

"He whose inborn worth his act commends."

Born October 7, 1913; Lisbon Falls High School; Major, Chemistry; Football, 1, 2, 3, 4; Track, 1, 2, 3, 4; Wrestling, 1, 2, 3, 4; Band, 1, 2, 3, 4; Lawrance Chemical Society, Secretary-Treasurer; Varsity Club; Assistant in Chemistry; Honor Student.

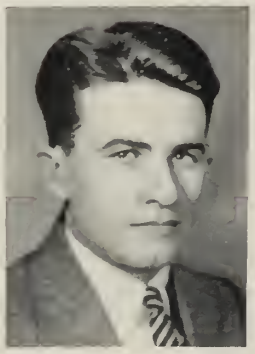
Bob took the hard knocks of four years of football; threw all wrestling opponents for a loop; tossed the hammer; received high averages—and then collapsed. They say she lives in Everett.

EVELYN MARJORIE ANTHOL, A.B.
Westfield, Mass.

"As true a love as ever sighed upon a midnight pillow."

Born November 19, 1912; Westfield High School; Major, German; Student Government, Senior Adviser, 4; Y. W. C. A., 1, 2, 3, 4; Bazaar Chairman, 4; Junior Cabaret Committee, 3; German Club, Secretary-Treasurer, 3, Vice President, 4; Delta Phi Alpha, Secretary, 3; Proctor, Milliken House, 3.

Evie's always been the quiet one in her gang and has always been known as a grind. We've never been able to discover how she found time for those courses in Co-education.



KENNETH LOUIS BATES, A.B.
Damariscotta, Maine

"From little sparks may burst a mighty flame."

Born September 26, 1912; Lincoln Academy, Newcastle, Maine; Major, Mathematics; Baseball, 1; Track, 1, 2, 3, 4; Jordan Scientific Society, 2, 3, 4, President, 4.

Ken's genial, unassuming manner concealed a wealth of ability. As a student, athlete, and good fellow, he ranks aces.

LILLIAN MARIA BEAN, A.B.
East Otisfield, Maine

"Charm us, orator, 'til the lion looks no larger than the cat."

Born July 22, 1915; Oxford High School; Major, French; La Petite Academie, 4; Sodalitas Latina, 4; Debating Council, 1, 2, 3, 4; Secretary-Treasurer, Women's Student Government Association, 4; Manager of Women's Debating, 4; Delta Sigma Rho, 3, 4; Class Day Speaker.

The girl who can out-talk any living person. "Lim" really has a perfect disposition but she does love an argument. Her sunny smile and her everlasting good humor have served as a tonic to all of us.

Want to learn a new dance step? Want to know something in Biology lab? Need someone to liven up a party?—Why, ask Lyn. We have always enjoyed hearing your laughter, Lynda . . . and your words of wisdom.

P. S. Ask the "paper-bag cohorts."

Born July 11, 1914; Edward Little; Major, French; Phi Sigma Iota, 3, 4; La Petite Academie, 2, 3, 4; Lambda Alpha, 1, 2, 3, 4.

Music and French seem to be Ruie's chief interests . . . and a little dancing on the side. Although quiet and unassuming, she is gay and fun-loving and she has won herself many friends on campus . . . by knowing when to keep quiet.

NORMAN T. BRUCE, A.B.
Guilford, Maine

"He has the sixth sense—a sense of humor."

Born November 1, 1909; Johnson High School, Stevens High School; Major, Psychology; MacFarlane Club, 4; Bobcats, 4.

At times the way Norm irritates the piano keyboard would cause Eddie Duchin to hang his head.

MARY ELIZABETH BUTTERFIELD, A.B.

Born February 28, 1915; Lewiston High School; Major, Sociology; Lambda Alpha, 1, 2, 3, 4; Secretary-Treasurer, 4; Tea Dance Committee, 4; Politics Club, 3, 4; Pin Committee, 3; Ivy Day Committee, 3; Y. W. C. A., 1, 2, 3, 4; Outing Club, 1, 2, 3, 4.

Lovely lady! Your poise, sophistication, and perfect grooming alone put you in first place as one of our most charming co-eds . . . but we'll throw in a little of that Butterfield diplomacy and sweetness for local color . . . and angelus incarnate . . . ?

REGINA ADELAIDE CANTLIN, A.B.
Lewiston, Maine

With her charming personality, wit, and a pleasing soprano voice it is easy to see that Rena is "going places."

ABRAHAM CARLIN
6 Esmond Street,
Dorchester, Mass.

"Contemplation makes a rare turkey-cock of him."

Born December 25, 1912; Boston Latin School; Major, English; Football, 1, 2, 3, 4; Wrestling, 1, 2, 3, 4; Track, 1, 2; Baseball, 1; Phil-Hellenic Club; Varsity Club.

Al evidently doesn't place any concern in the old axiom "do right and fear no man; don't write and fear no woman," because he is very adept with a pen. His congenial personality and dry humor make him excellent company.

PAUL MEAD CHASE, A.B.
11 Hillside Avenue,
Winsted, Conn.

"And lo, his pleasantness led all the rest."

Born December 27, 1910; The Gilbert School; Worcester Polytechnic Institute; Major, Economics; Phil-Hellenic Club, 4; Tennis Team, 3, 4; Y. M. C. A., 2, 3, 4; Outing Club, 2, 3, 4; Athletic Association, 2, 3, 4; Track, 2; Inter-Class Swimming.

Hill-billy virtuoso is Chilman. He has a penchant for clinging beneath trestles while thundering freights drop hot clinkers immediately overhead—probably part of his interest is sociological investigation.

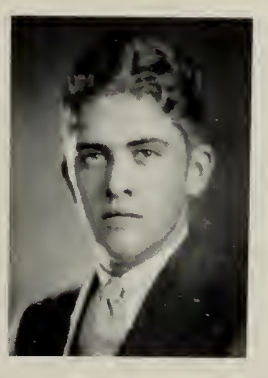
Win's knowledge of Greek would baffle an Athenian. Whether he goes into the restaurant business or becomes a second Culbertson is still a question.

STELLA EMMA CLEMANTS, A.B.
722 Sabattus Street,
Lewiston, Maine

"Thank heaven for a good man's love."

Born July 17, 1913; Jordan High School; Major, Sociology; Y. W. C. A., 1, 2, 3, 4; Freshman Commission; Y. W. C. A. Cabinet, 3, 4; Y. W. C. A. Bazaar Committee, 2, 3; Lambda Alpha, 1, 2, 3, 4; Chairman, Tea Dance Committee, 4; Ramsdell, 3, 4; Orphic Society, 1, 2, 3, 4; MacFarlane, 4.

Efficiency's the word. Just look at the expert guidance of the Tea Dance, the co-operation Stella gave to the Scientific Club, the zeal with which she entered "Y" activities—and we heard she had a *one track mind.*



DORRANCE THURLE COLEMAN, A.B.
28 Lincoln Street,
Portland, Maine

"His laugh rings loud."

Born August 4, 1914; Deering High School; Major, Biology; Y. M. C. A., 1, 2, 3, 4; Outing Club, 1, 2, 3, 4; Class Baseball, 1, 2, 3, 4; Basketball, 1, 2, 3, 4.

Dorrance and his soft, mellow voice will never be forgotten. He often speaks of his friends from Arkansas and Bridgton. His seldom-serious personality makes him acceptable wherever he goes.

Born December 5, 1912; Presque Isle High School; Major, English; Outing Club Board, 1, 2; Student Council, 1, 2; Garnet Key, 2; Chairman, All College Skate, 2; Spofford Club; Varsity Club; Band, 1, 2, 3, 4; Track, 1, 2, 3, 4; Y. M. C. A., 1, 2, 3, 4.

Quiet, unassuming, an excellent student and a good athlete, Johnny has combined track with an interest in literature, proving that he has more than a one-track mind.

M. C. A. Cabinet, 4; Proctor, 4; Class Day Committee, 4.

By taking a scientific attitude toward business, Crocky has helped to improve the weekly Chase Hall Dances. He is equally efficient managing a play or caring for the Freshmen.

MAXINE ETHEL CURTIS, A.B.
68 Water Street,
Randolph, Maine

"Cheerfulness and friendliness clothed in dependability."

Born November 17, 1913; Gardiner High School; Major, History; Politics Club, 3, 4; Lambda Alpha, 2, 3, 4; Y. W. C. A., 1, 2, 3, 4; Outing Club, 1, 2, 3, 4; W. A. A., 1, 2, 3, 4; House Council, 1, 2; Soccer Team (Garnet) A. A., 1, 2, 3; Winter Sports (Garnet) A. A., 1.

When we meet "Mac" on campus, at the Empire, or Chase Hall, she "Al"-ways greets us with a cheerful grin. Although a History major, she is interested in social case work. She is a most generous, efficient, and sincere friend.

Although Helen may like to sleep and enjoys a good time, she is capable of teaching French, coaching athletics, waiting on the faculty, and working for the W. A. A. Board. Cheerfulness and a sunny disposition have marked Helen throughout the four years.

MIRIAM M. DIGGERY, A.B.
12 East Street,
Sanford, Maine

"O, thou art fairer than the evening air,
Clad in the beauty of a thousand stars."

Born June 2, 1913; Sanford High School; Major, History and Government; Politics Club, Secretary; Y. W. C. A.; Outing Club; Mirror Board.

"Sugar" or "Sunshine"—she answers to either. Her good nature rightfully earned these names for her. We highly approve of Miriam's gentleness, good looks, and lack of sarcasm.

Alabama's Crimson Tide swept the country three years ago and left Harry at Bates. He didn't bring an accent nor a brogue, but some of us think he brought foreign ideas about dance bands.

Dancing feet and a shake of the head and Al is in our midst. Just by the smile in her picture you know she can be fun as well as a good pal. Decided in her likes and dislikes . . . popular . . . expert knitter . . . dancing one of her specialties . . . all in all "plenty all right."

Popular and clever Millicent, breaker of more hearts than any other four co-eds, holder of the all-time Bates record for dates and dance bids, truly do you deserve to be called—"a warm spot in a cold but fascinating world."

Premiere actress and certainly one of the best dressed and most attractive members of the class of '35. No one put anything over on Peggy, our clever debater; no, not even that master chemist, Harry.

When it comes to journalism Bond is right in his element. As manager of football he was very efficient until he attempted to play in the Bowdoin game. Debating and student publications will greatly miss Bond's services.

Macy is not afraid to be alone. He has that rare but desirable attribute of being able to live with himself. The startling inconsistency in his personality is that he lacks the traditional fiery temper that goes with fiery hair.

THELMA THERESA POULIN, A.B.
6 Auburn Street,

"The sweetest garland to the sweetest maid."

Born January 2, 1914; Sanford High School; Major, French; Heelers' Club, 1; 4-A Players, 2, 3, 4; La Petite Academie, 2, 3, President, 4; Camera Club, 3; *Student* Staff, 4; Archery, 3, 4; Class Numerals, 4; W. Royce has supplied many thrills by his speed and grace in hurdle races. Geology has an especial appeal to him, and if he can climb over rocks in the same manner that he hurdles, he should be very successful.

Thy woods and templed hills."

Even being a geology assistant for Doc Fisher didn't mean that Dottie spent all her hours in the lab. The "Y" Ramsdell, not to mention the Auburn Darling, all came in for more than their share of her time.

So young, so fair, and yet so full of life. Arletta's quiet appearance is merely a guise, for when she undertakes a task, she is filled with enthusiasm and joy, and surpasses many of us in cleverness.

EVELYN MABEL RICH, A.B.
Charleston, Maine

"I wonder how one so small can carry such a load of knowledge."

"Stahl pitching for Bates" is frequently announced by the umpire. And when it isn't the baseball season, Jake is likely to be seeking a game of bridge.

What a smooth speed cop Bill would be . . . bashful . . . (did you ever see him blush?). Every co-ed on campus would give her eye teeth for a ride on his motor cycle, but does he give them a break? He does not!

His realistic barking on campus sends feeding pigeons into the air. Leader of the Bobcats, he chooses new members from expert analysis of radio dance music, but HE DOESN'T LIKE NEW YORK CITY.

The bandy-legged quarterback can't boast of a full head of hair but he can certainly toss forward passes. Men twice his size have often been upset by his hard, accurate tackling. That same spirit should be useful to him in years to come.

Bob never combs his hair when he gets up in the morning. He doesn't mind the aroma of the lab in the least, and if native instincts are transferred he might raise a family of chemists some day.

The fact that Gladys was chosen Carnival Queen was just another proof of her being considered one of the most charming and gracious of our co-eds. Fortunate indeed will be her history pupils.

BERTHA LITTLEFIELD WELLS, A.B.

"Still waters run deep."

Born July 29, 1912; Kennebunkport High School; Major, French; Phi Sigma Iota, 3, 4; La Petite Academie, 4; Sodalitas Latina, 4; Y. W. C. A., 1, 2, 3, 4; W. A. A., 1, 2, 3, 4; Outing Club, 1, 2, 3, 4; Women's Student Government, 1, 2, 3, 4; Y. W. Freshman Committee; Garnet Volley Ball Team, 3, 4.

Anybody feeling ill? Go to Snicky's medicine kit. Want a cookie? Go to her cookie tin. Want a bit of thread? Go to her sewing basket. Want advice? Go to Bertha.

"You can find me in the Physics lab; I'll be there all the afternoon," is what we often hear. Yet Lib finds time for Ramsdell Scientific, proctoring, and co-education. She is always ready for work or play, and sees the bright side of everything.

BEULAH MARION WILDER, A.B.
34 King Street,
Oxford, Maine

"Music is well said to be the speech of angels."

We'll have to give Bunny a great deal of credit for being the one member of the class who had her thesis finished long before the deadline. Her deep and sincere interest in music made her a welcome member of MacFarlane Club.

LOUISE AMELIA WILLIAMS, A.B.

"Wesey" has traveled rather a "Stoney" path while in college, but "floating power" has eased the bumps. Her cheerfulness, willingness, sincerity, and ability have made her one of the most popular girls in the class.

EDWARD CAPRON WINSTON, A.B.

Stringed instruments seem to be Ken's particular toys. He excells when he has either a tennis racket or a banjo in his hand.

RALPH WALDO WORCESTER, B.S.
East Lebanon, Maine

"A mind not to be changed by time or place."

Born July 17, 1912; Sanford High School; Major, Mathematics.

Class History, 1935

FRESHMAN YEAR

WO HUNDRED and sixty-five strong we invaded the Bates Campus in September, 1931. After a week of being entertained and getting acclimated, we settled down to work, not as dignified as we would have wished, for we were wearing Freshman caps and green ties, 1935 pendants and green ribbons. We were not treated with the respect becoming a college student—at least not until after Thanksgiving.

Soon after Stanton Ride, the football season began. The Freshman team, which lost only one game during the season, developed many players who were to be seen on the Varsity the next fall. Aldrich, Anicetti, Fuller, Gay, Gilman, Hill, Kramer, Lenzi, Lindholm, Lynch, Mendall, Pond, Pricher, Rainville, Rohin, Stone, Taylor, Valicenti, and Zook received numerals.

At the time of the football season, our Freshman Cross Country team was scoring four victories to one defeat. Olds, Winston, Malloy, Boston, Chapman, Norman, and Candee were outstanding.

As a group we needed officers; so late in November nominees were listed and the following were chosen: Pop Jones, president; Fran Hayden, vice president; Jerry Avery, secretary; Bob Kramer, treasurer.

The productions of the 4-A Players showed that Barbara Lincoln, Thelma Poulin, Peg Perkins, Charlotte Longley, William Haver, George Orestis, and Jack Dority were capable in dramatics.

Norton, Perry, Lawrence, McLean, and Pierce were in debates.

Ray Stetson and Jack Dority received first prize in the men's public speaking contest; Peg Perkins and Charlotte Harmon won in the women's division.

Shortly after Christmas, the hockey team began practice. Composed of Yeaton, White, Heldman, Lynch, who were Varsity men; and Gilman, Greig, Hill, Mendall, Norman, Stone, and Zook, the team came through its season undefeated.

Along with spring—"when a young man's fancy turns to what a young woman has been thinking of all winter"—came the track team. Anicetti, Bangs, Kramer, and Malloy were outstanding.

Since we were lowly Freshmen we did not rate a formal, but in May we gave an enjoyable Freshman Sport Dance with Barbara Lincoln, Bob Kramer, John Van Syckle, Charlotte Harmon, and Harry O'Connor in charge.

SOPHOMORE YEAR

INALLY the time arrived when we were Sophomores, and we helped to welcome the Freshmen. There was no initiation for the entering class, although the football team came very close to paddling Yale. The Bulldogs held us to a scoreless tie, but Stone and Pricher, as well as other members of our class, won acclaim in that game. During the season Taylor, Stone, Hill, Gay, Valicenti, Kramer, Gilman, Mendall, Pricher, and Fuller represented our class on the Varsity.

The same set of officers guided us through this year. Pop was prominent in debating, Fran was Secretary of the "Y", Bob performed well in the high jump, while Jerry became literary minded. The class as a whole diminished to two hundred members—perhaps the novel atmosphere of the Gym was the cause.

Our first Formal was Soph Hop. The committee headed by Frank Pendleton was composed of Fran Hayden, Charlotte Harmon, Leno Lenzi, and Bill Pricher. At last we had reached the dignity of a formal!

Kramer, Pendleton, and Sheridan were perhaps the highest point winners in track. The last two of the trio ran in the Penn Relays, in which Bates received second place. Kramer was one of the Garnet point winners in the State Meet, while Malloy won second place in the mile run.

Springtime brought discussions of pins and blazers. Many meetings were held, for we had ideas of destroying class and college traditions, but at last the problem was left to the discretion of a committee headed by Joy Dow and consisting of Cy Norton, Francis Hutchins, Grace Gearing, and Catherine Condon.

A new sport brought more shining lights from under bushels—Anicetti, Carlin, and Frangedakis were prominent in wrestling.

Brad Hill and Charlie Paige were our prospective Crawfords; both were regular Varsity men on the tennis team.

Who will forget the acting of Peg Perkins, and Bill Haver, of Charlotte Longley, Thelma Poulin, June Sawyer, Nan Wells, and Tom Vernon in the plays that year?

The All-College Election came in March. The guiders of our destinies for the next year were Milton Lindholm, Fran Hayden, Jerry Avery, and Bob Kramer. Lindholm and Gay were elected to the Athletic Council. Gay, McLean, and Olds were chosen for Student Council. Jean Murray and Kitty Condon were on Student Government Board.

Our scholastic leaders of that year were: Elsie and Florence Gervais, Harry O'Connor, and Walter Norton.

JUNIOR YEAR

E STARTED our Junior Year led by Milton Lindholm, Fran Hayden, Bob Kramer, and Barbara Leadbetter.

Mendall, Gilman, Fuller, Lindholm, Stone, Pricher, Carlin, and Hill continued their good work in football. Drake and Winston represented us on the Cross Country team.

On November 25 came the first social event of the season, Junior Cabaret, a glamorous affair with its Spanish Sidewalk Cafe motif—under the capable direction of Charles Paige, Bill Fellows, Norm Greig, Evelyn Anthol, and Betty Durrell.

From then until Christmas we had "Alice Sit By The Fire" with Peg Perkins in the leading role; the Y. W. C. A. Bazaar with Evelyn Anthol in charge; and Open House at Thorncrag to break the monotony of studying.

Our debaters were Jones, Perry, Norton, and Stetson; the women's team had Peg Perkins, Lillian Bean, and Joyce Foster as our representatives. Winners in Junior Prize Speaking were K. Gordon Jones, first, and Thomas Vernon, second.

After vacation, winter activities began. Many members of the class were prominent on Carnival committees. Toomey, Norman, and Heldman were outstanding in hockey. Captain Kramer, Pendleton, Bates, Purinton, Winston, Cooper, and Anicetti represented us in track.

Spring again and more discussion of blazers. Peaceably we chose blue or white blazers, agreeing with the selections made by the committee.

Junior Girls' Dance was enjoyed by the students, thanks to the work of Charlotte McKenney, Mim Knapp, and Mim Diggery.

The All-College Elections showed that Lindholm, Gay, Fuller, and Dority held the reins of power for the next year. Kitty Condon, Fran Hayden, and Ruth Frye were to rule the women.

One bright, "balmy" day we were informed of another election, that of Mayor of Bates. Our representative, Joy Dow of "Eventually why not Dow" fame was defeated—but there is always another time.

Ivy Day and Hop made us realize that we were almost august Seniors. Joy Dow was toastmaster of the Ivy Day program, while Ray Harwood, Jack Dority, Charlotte Harmon, Carl Milliken, Ed Small, Dick Secor, Peg Perkins, George Mendall, Cy Norton, and Barbara Leadbetter were speakers. The Ivy Hop was a great success because of the work of Harry Madden and his committee.

SENIOR YEAR

EPTEMBER 27, 1934, and one hundred eighteen members of the Class of 1935 started their last lap at Bates.

Football was an especially important event for us, for we realized that we should not be seeing many of the boys play again. Bill Stone, our honorable mention All-American, Mendall, Lindholm, Fuller, Carlin, Valicenti, Toomey, Paige, Purinton, Anicetti, and Kramer played their last games for Bates.

Captain Pendleton, Kramer, Purinton, Cooper, Bates, and Anicetti were outstanding in track; Kramer took a first in the State Meet in the high jump, while Purinton tied the world's record for the 45 yard hurdles in the Northeastern Meet.

The Winter Carnival, under the direction of Ruth Frye and Carl Milliken, was one of the best in years. Gladys Webber, escorted by Toastmaster Joy Dow, was crowned Queen at the All-College Skate.

Our debaters, Norton, Perry, and Jones, went on a tour through the South in the spring, and Lillian Bean and Peg Perkins debated the men from Oxford.

Senior Girls' Dance was a pleasant success under the management of Fran Hayden, Betty Fosdick, and Barbara Leadbetter.

Toomey, Heldman, Mendall, and Norman were outstanding in hockey.

History of the Class of 1936

FRESHMAN YEAR

Looking back to September, 1932, we see ourselves arriving on the Bates campus. We were a lively body of about two hundred and thirty students. The I. M. U. R. party and the Stanton Ride served to get us well started in our orientation to college life.

From the very first several members of the class showed themselves to be possessed of no little dramatic ability: Mary Abromson, Ruth Coan, Edward Curtin, and Louise Geer had prominent parts in the three one-act plays. Ila Page and Curtin had leading parts in the Varsity Play, "The Perfect Alibi;" while the cast of the Shakespearean play, "The Winter's Tale," included nine players picked from our class; Mary Abromson had the role of queen. Ruth Rowe and Owen Dodson won the Prize Speaking Contest.

The all-college elections brought but one change to the class officers—Bob Saunders succeeding Arnold Anderson as treasurer. Verdelle Clark, Lenore Murphy, and Betty Winston continued in their offices as president, vice president, and secretary respectively. Edith Milliken and Eleanor Glover were elected to Student Government. Marjorie Fairbanks was chosen secretary of the Y. W. C. A. and Dorothy Wheeler of the W. A. A. Edmund Muskie and Stanton Sherman won places on the Student Council.

And so we came to the end of the first quarter of our college career.

SOPHOMORE YEAR

The fall of 1933 found twelve members of '36 on the varsity football squad with Ted Wellman, Verdelle Clark, and Joe Biernacki winning their letters. Our girl athletes, Dorothy Wheeler, Ruth Webber, Margaret Hulbert, Lucy Moyes, Ruth Wight, and Valeria Kimball, made their numerals in W. A. A.

The class still claimed its share of dramaticists, Lenore Murphy, Edith Jordan, Allen Ring, Muriel Underwood, and Henry Sawin taking prominent parts in "Alice Sit By The Fire." In the three one-act plays, Louise Geer, Betty Winston, Clifton Gray, Irving Isaacson, Alonzo Conant, and Owen Dodson each showed considerable talent. Nine members of the class were included in the cast of "Macbeth" presented in the spring, while Bette Wallbank, Lenore Murphy, and Edward Curtin had character roles in the "First Mrs. Fraser." In the Sophomore Prize Debates Jack Crockett and Ed Curtin were chosen best speakers. Priscilla Heath, Ruth Rowe, Isabella Fleming, Carleton Mabee, William Greenwood, and Edmund Muskie represented the class in varsity debates.

March 19th—and the Sophomore Hop—a successful formal with black and white decorations. Ted Wellman, Jack Parfitt, Lenore Murphy, Howard Buzzell, and Bernice Dean proved to be a most able committee.

The results of all-college elections: president, Ed Muskie; vice president, Lenore Murphy; secretary, Dorothy Staples; and treasurer, Red Conrad.

Dot Wheeler was elected vice president of the W. A. A. Charles Pendleton succeeded Sumner Libbey as vice president of the Y. M. C. A.

With the Sophomore Girls' Dance our social events of the year were brought to a close.

JUNIOR YEAR

Back to Bates to start Junior year!

Football . . . Wellman, Clark, and Biernacki continued their good work, and varsity letters were awarded to Ed Curtin, Mike Drobosky, Don Gautier, Frank Manning, Joe Pignone, Wes Stoddard, and Manager Dave Whitehouse. Doc Greenwood and Howie Buzzell served as cheer leaders at all the games and rallies.

Track . . . Paul Tubbs, Bob Saunders, and Day Stetson were outstanding in cross-country. Tubbs and Manager Randy Webber received their varsity letters. Jack Crockett was unable to return because of illness, and was greatly missed. Harry Keller helped out in the dash and broad jump, and Archie Peabody showed considerable promise with the weights.

4-A . . . Betty Winston, Carleton Mabee, Louis Revey, Mary Ham, Irving Isaacson, Clifton Gray, Louise Geer, Kathleen Torsey, and Sumner Libbey took part in the three one-act plays in the fall. Ed Curtin and Kathleen Torsey had leading parts in the varsity play, "The Truth About Blayds." The absence of Allen Ring, who was kept away by illness, was keenly felt.

Debating . . . Ruth Rowe, Priscilla Heath, Carleton Mabee, Irving Isaacson, Ed Muskie, and Doc Greenwood were elected to membership in Delta Sigma Rho, the national forensic honorary society. Isabella Fleming, Dorothy Martin, and Dave Whitehouse were also active in debating.

On November 24th the Good Ship Junior Cabaret came to Chase Hall with Hank Brewster as captain, and his worthy crew—Mike Drobosky, Doc Greenwood, Betty Winston, and Dot Staples. The Junior Girls' Dance with Val Kimball as chairman, and Happy Walker, Dell Testa, and Connie Redstone helping her made a very enjoyable evening.

Roger Fredland, Priscilla Heath, Flora McLean, and Nils Lennartson did excellent work on the "Garnet". Spring found Nils Lennartson editor-in-chief of the "Student," with Bob Fish as managing editor, Day Stetson as news editor, Dot Staples as women's editor, and Ace Bailey as business manager.

Girls' Athletics . . . at the gym meet of the Garnet and Black teams, Val Kimball, Dot Wheeler, and Ruth Webber were awarded white sweaters; and Mary Ham, Polly Miller, Ruth Rowe, and Carolyn Blake received their numerals.

All-college elections placed our more popular members at the heads of the campus organizations. Bob Saunders was elected president of the Student Council; Ed Muskie, Mike Drobosky, and Dave Whitehouse were chosen as senior members. Edith Milliken was elected president of Student Government. Charlie Pendleton won the presidency of the Y. M. C. A., and Ruth Rowe of the Y. W. C. A. Ace Bailey was elected president of the Outing Club by the directors of that organization.

History of the Class of 1937

FRESHMAN YEAR

A bit bewildered, a bit naive, yet filled with undaunted enthusiasm, we stood for the first time within the ivy-covered walls of Bates College, and were duly impressed by the giddy whirl of class and campus activities. Even though we may have felt it befitting our position as newcomers to suffer from a case of homesickness, we had little time for such a malady. We were much, much too busy persuading comely specimens of the opposite sex to sign our cards at I. M. U. R. party, nursing aching feet after the Stanton Ride (?), or trying to balance a plate of ice cream gracefully on one knee while we indulged in intelligent conversation with "Prexy" at Freshman reception.

The days passed, and the kaleidoscopic view of college life took on other and more radiant hues. We cheered ourselves hoarse as we watched our fellow classmates, Merle and Paul McClusky, Bernard Marcus, and Edward Gillis, carry the pigskin into battle for the honor of the "Bobkittens." We thrilled to the clash and clang of steel on ice as Wesley Dinsmore and Robert Haskell wielded their hockey sticks. Those of us of the weaker sex probably felt our heartbeats quicken to see Tony Kishon bring the ever-famous statue of the Discus Thrower to life. Still, blaming this increase in blood pressure to the excitement of the contest only, we were able to give an equal part of our attention to Charles Gore as he fought for the lead in the 1,000 yard run.

Another activity, debating, appeared to captivate our interest, and we

are proud to have our class produce such fine debaters as Lawrence Floyd, William Metz, Ernest Robinson, Harriett Durkee, and Margaret McKusick.

History was made by the seventy-five would-be Greta Garbos and Clark Gables who tried out for Heelers'. Of these seventy-five, Millicent Thorp, Margaret Melcher, William Hamilton, Jean Lowry, Ruth Merrill, Evelyn Kelser, Elizabeth Stevens, Peter Courtis, and William Earles were selected as particularly gifted.

With the 1933-34 election of class officers, we found ourselves governed by Charles Markell, president; Margaret Melcher, vice president; Millicent Thorp, secretary; and Charles Gore, treasurer. This changed with the 1934-35 election to Charles Gore, president; Margaret Melcher, vice president; Ruth Merrill, secretary; and Ernest Robinson, treasurer.

Came May, and summoning up our courage, we invited the "One and Only" to the Freshman Sport dance, where we waltzed to the mellow strains of the "Bobcats," and applauded the talent displayed by Freshman entertainers.

With the completion of our last final, we left the lowly Freshman ranks, an older and wiser class, and turned with high hopes to our Sophomore year.

SOPHOMORE YEAR

September, 1934, saw us once again trodding the halls of our Alma Mater with a step that was surer and firmer. We were no longer "rookies," but belonged to that group of privileged characters who thrilled to the renewed sight of familiar scenes and the smile of familiar faces.

This second year had scarcely begun, when we started to frequent Garcelon Field, there to hail again our old football heroes, Bernard Marcus and Merle McClusky. We rejoiced to see that other members of our class had turned out for the grand old game, and midst the mud and mire of the scrimmages, were able to detect Benjamin Carlin, Charles Markell, Frederick Martin, Ernest Robinson, Wesley Dinsmore, and Richard Loomis.

Our interest in debating was as keen as ever, especially since this year William Metz, Lawrence Floyd, and Ernest Robinson upheld the "argumentative honor" of Bates against the University of New Hampshire; Margaret McKusick and Harriett Durkee, against Rhode Island State; and Lawrence Floyd against the University of Maine. We were also glad to welcome to the Debating Council Albion Beverage, Arnold Kenseth, and Donald Welch.

Our members of Heelers' continued to display their abilities, and we enjoyed the fine performances of William Earles and Elizabeth Stevens in the three one-act plays.

Our track men proved as versatile as in their Freshman year, and in the inter-class Christmas meet, won all the relays. This was only the second time in the history of Bates that one class took first place in all the races of a meet. This victorious team was composed of Charles Gore, Arthur Danielson, Bernard Marcus, Tony Kishon, and Robert Rowe.

However, there is other less strenuous exercise than track. Dancing would come under this category. In fact, if we have as smooth music as the Barberry Coast orchestra provided for Soph Hop, dancing would cease to be an exercise, and take on the aspect of floating.

So with happy memories of the two years left behind us, we raise our glasses to 1936.

History of the Class of 1938

From many states, different schools and occupations, we came to Bates late in September of 1934. We went through the exciting initiation of Freshman Week, with all of its Parties, Dances, Lectures, and Receptions to emerge in a pleasantly confused state, but happy and proud to be at Bates.

Our first meeting together was the I. M. U. R. reception. Here we wandered around collecting names on every side: names of those who were to be our classmates and friends for four years. Cabin Parties at Thorncrag made us realize that there was going to be more to Bates than our studies. A personal reception at the home of President Gray served to acquaint us still more but it was not until the Saturday night dances that we really felt like classmates.

With the fall came football. Led by Capt. Berkley our team was undefeated. Sixteen men received numerals: Cook, Seeckts, Pickering, Morin, Hutchinson, Gorman, Quinn, Eaton, Healey, Perkins, Richards, Preston, Frost, McDonough, and Aldrich. Some fine material is promised for next year's varsity from the ranks of these gridsters.

The class also produced a cross-country team which gave all of its opponents stiff opposition. Its members were commonly seen at distant

parts of the surrounding country and no natural obstacle was too much for them. LaMontagne, Howard, Patterson, Burnap, Rogosa, Blanchard, and Fisher were awarded jersies.

Any school may have its athletics, but very few have such debaters as were produced by our class. Out of the fifteen candidates who responded to the debating call, ten were selected for the Varsity Squad: Elizabeth Quimby, Grace Jack, Ruth Hamlin, Evelyn Jones, Evelyn Kadjperooni, Paul Stewart, John Smith, James Foster, Wesley Nelson, Charles Wakefield.

The Debating Council sponsored a Freshman Prize Debate and a Prize Speaking Contest. In the Debates Paul Stewart and James Foster were selected as the best speakers while the winning teams were: Grace Jack, Wesley Nelson and Butler Seedman; Paul Stewart and Donald Pillsbury. The winners of the Prize Speaking contest were Ellen Crafts and Roger Jones.

When it came to combining speaking with acting even more of us tried out for the Heelers. There were a large number of ambitious ones for the try-outs but only Jonathan Bartlett and George Doyle graduated to the 4-A Players. Numerous plays given by the combined Dramatic Clubs contained a substantial amount of Freshman Talent.

MIDYEARS!! How many headaches these caused and how many sleepless nights of anticipation will never be known. Most of us survived them when they came but they were one of the high points of our first year at college.

With a few numerical changes, we returned to our second semester. We had elected Byron Catlin as our Freshman class president; Grace Jack, vice president; Charles Harms, treasurer; and Alberta Keane, secretary. As our representative to the Student Council we had chosen Jack Kenney.

It was during this last semester that our Freshman track, hockey, and basketball teams showed their metal. Winston Keck, whose trombone solos will echo through our memories of the year, proved to be a valuable sprinter for the track team. William Luukko, with his high-jumping ability, was prominent. Byron Catlin, Edward Howard, and others also gave promise to add their names to the list of famous Bates tracksters.

The hockey squad, although they suffered from lack of ice, did well. Dennis Healey captained his squad of Maskwa, Berkley, Hutchinson, Pickering, Daniels, Seeckts, McDonough, and King.

The basketball team composed of Butler Seedman, Captain; Eggleton, Doyle, Preston, Frost, Bartlett, and Brown survived the long battle with the other class teams to win the championship. They met an all-star Bowdoin team but were overcome after a hard struggle.

Our Freshman year has been one of acquaintance with college life. We have produced teams which have surpassed the teams of other years, we have developed actors, actresses, and debaters, added members to all of the extra-curricula clubs—but best of all we have come to know Bates and to regard her as our home for three more years.

Triumvirate Of Honor

"They also serve who do not even run."

MEMBERS

Dorrance T. Coleman, '35 Joy Dow, '35 Carl E. Milliken, Jr., '35

Three members of the class of 1935 achieved an unusual distinction when they were designated by the 1934 Student Council to comprise an unofficial triumvirate of honor. The three men selected for the honor were Carl E. Milliken, Jr., Dorrance Thurle Coleman, and Joy Dow.

The triumvirate was made possible through the co-operation of the Council members, the nominating committee of the class, and other students interested in the welfare of the college. In observance of the selection the Student Council elections were postponed, special meetings of the men's assembly were called, and a great deal of space in both the college and local press was devoted to the three individuals. By a vote of the Council the triumvirate was removed from the necessity of competing in the regular elections, but instead Milliken, Coleman, and Dow were automatically set apart as the honorary leaders of the campus.

It is quite unlikely that there will ever be another triumvirate of honor at Bates. The class of 1935 is distinguished in this respect.

The 1934-35 Student Council was typically inactive. The Council tried but failed to have the Constitution for the Men's Assembly amended. Milton Lindholm was a popular leader.

In cooperation with the George Colby Chase Lecture Fund, Mrs. William Brown Meloney, Editor of the Magazine Section of the New York Herald Tribune, was presented to the student body.

Tea was served in Rand Reception Room for the college women several Sunday afternoons. On February 15 Student Government sponsored a Tea Dance which had Valentine's Day as the motif.

Bates students who are musically inclined do not have to "waste their sweetness on the desert air" for they can join the MacFarlane Club and participate in the programs of the organization. Under the leadership of Betty Fosdick the MacFarlane Club has presented a varied series of interesting meetings during the year, and musicians outside the college have co-operated with the members in developing a keen appreciation of and interest in music on the campus.

The College Choir performs numerous duties throughout the year. They sing an anthem twice weekly at the regular Chapel service while each month they participate in the Vesper Services. At Christmas and Easter the Choir presents special music in observance of the occasions.

The Choir during the past year has been larger than usual, and it is one of the best groups the college has ever had.

The College Band, which is always fairly conspicuous on the Campus, has seemed especially so this year and last because of its expert drum-major who performs on all occasions—sometimes to the exclusion of the music. Now that this Club is not allowed to play in Chapel, it is featured during the mayoralty campaign as a compensation. This year it had the exclusive distinction of supplying the music for the State Track Meet.

The Bobcats have the distinction of being the best-known of the Bates musical groups for they appear at many functions outside the college as well as at the regular Saturday night dances in Chase Hall. When the inmates of Parker Hall are taking their weekly baths it is customary to hear the refrains of—

"Oh the day of days is here,
And the Bobcat(s) will appear."

One of the big occasions of the year was the Flunkers' Dance with Prof. Tuttle featuring the evening with "Show me the way to go home".

The Bates Orphic Society is one of the largest musical clubs on the campus. It is open to men and women of ability and interest.

Through the able leadership of Professor Crafts the club has helped to stimulate a real interest in classical music. It had a large part in the Annual Pop Concert at well as the many out of town concerts given by the musical clubs.

The fine talent and real interest of the members of the club contribute to keep the Orphic Society on a high standard.

The 4-A Players have continued their regular program under the leadership of John Dority.

The fall season opened with the presentation of the usual three one-act plays. These, directed by student coaches, afforded opportunity to new members of the club as well as to many more experienced players.

The Varsity Play, "The Truth About Blayds," adjudged one of the Players' best productions, was coached by Margaret Perkins.

4-A meetings have been made particularly interesting through the medium of one-act plays coached and presented by members of the Heelers' Club. This enables the club members to offer criticisms, and in this way build up a basis for intelligent, critical estimates.

Three One-Act Plays

LITTLE THEATRE HATHORN HALL

Thursday and Friday, November 8-9, 1934

The first annual production of the 4-A Players was a group of three one-act plays presented in the Little Theatre. The presentation was made up of three unusual plays. Student coaches under the guidance of Prof. Robinson directed the work.

The first offering was an odd and interesting comedy, "Thirty Minutes In A Street," coached by John Dority, '35. The scene is a London Street. The main character is a near-sighted old man who is trying to find a certain street number. He accosts several persons quite unsuccessfully and his experiences make up an extremely amusing half-hour's entertainment. Butler Seedman, '38 was the Stray Man. The others in the cast were: the Man With A Bag, Charles Markel, '37; the Curate, Thomas Vernon, '35; the Actor, Joy Dow, '35; the Child, Constance Sawyer, the daughter of Prof. and Mrs. William H. Sawyer; the Rich Lady, Elizabeth Fosdick, '35; Charwomen, Charlotte Longley, '35, and Elizabeth Kadjperooni, '38; the Girl, Susan Chandler, '38; Hostess, Charlotte Corning, '38; the Visitor, Mary Ham, '35; the Professor, Willard Higgins, '35; the Student, Gale Freeman, '36; Shopgirls, Charlotte Harmon, '35 and Margaret March, '38; Old Lady, Louise Geer, '36; Old Gentleman, Robert Frost, '38; the Musician, Joseph Linehan, '38; Servants, Irving Isaacson, '37 and Clifton Gray, '36, and the Young Man, Frederick Bailey, '38.

The second play, "The Stoker" by Harold Brighouse, is the story of an educated Indian prince who travels as a stoker aboard an East Indian Lines steamer. He is acutely aware of social injustice and creates a stirring scene in the captain's cabin when the chief officer pushes his men beyond endurance in the attempt to reach England in record time.

The Captain was played by William Hamilton, '37. John Ciardi, '38, portrayed the stoker. The supporting cast included: Sumner Libbey, '36, as Archie Railton; Jonathan Bartlett, '38, as Peter Howard; Elizabeth Quimby, '38, as Mrs. Leighton, and Anita Gauvreau, '38, as Sheila Pallant. William Haver, '35, was coach.

The third play, "The Man Who Wouldn't Go To Heaven," is a fantastical piece concerning the free-thinker who wouldn't go to heaven because he didn't believe that any such place existed. He encounters other characters who are on their way to heavenly bliss and tries to dissuade them from their foolishness. However, he finally comes to realize what constitutes real happiness and finds himself in heaven in spite of his waywardness.

This play was coached by Nan Wells, '35. Richard Alton, the radical disbeliever in heaven, was well-played by William Earles, '37. The rest of the cast was made up of new members to the Player's Group: George Doyle, '38, as Bobby Nightingale; Virginia Orbeton, '38, as Eliza Muggins; Barbara Leadbetter, '35, as Sister Mary Theresa; Kathleen Torsey, '37, as Mrs. Cuthbert Bagshaw; Elizabeth Stevens, '37, as Harriet Rebeccah Strenham; Carleton Mabee, '36, as the Rev. John McNulty; Robert Crocker, '38, as Timothy Toto Newbiggin; Ashmun Salley, '37, as Derrick Bradley; and Elias Revey, '37.

"The best since 'Death Takes A Holiday', staged by the English 4-A Players in the spring of 1931—this is the high praise that can be deservedly heaped upon 'The Truth About Blayds', the thirteenth varsity play," was the way that Reviewer Robert G. Berkelman referred to the presentation of A. A. Milne's play. Prof. Berkelman said: "If this presentation fell at all short of the peak of achievement in Bates dramatics, it was perhaps inferior, not in directing, acting, or general production, but in the choice of play, eminently worthy as A. A. Milne's drama was. The whole organization is to be thanked for a genuine treat. Margaret Perkins, who with the advice of Prof. Grosvenor Robinson, directed the production, deserves a bouquet of orchids."

Established on Campus many years ago, the organization known as Heelers' forms a testing ground, a gateway by which membership in 4-A Players may be attained. Tryouts are held at the beginning of each college year. The candidates may choose their own lines and are judged upon their performance. If anyone is chosen for a 4-A play he automatically becomes a member of Heelers'. The Club is a workshop in which plays are discussed and demonstrated. It enables each member to improve his ability and prove his worth.

The Debating Council which has general supervision over the debating activities of the college is composed of two types of members—permanent and temporary. Through competitive trials held early in each semester a Debating Squad is chosen for that semester. All members of the Squad automatically become members of the Council for the remainder of the semester. Through participation in one intercollegiate contest a man or woman becomes a permanent member during the remainder of his college career. The Council in addition to handling the intercollegiate contests manages the final debates of the Bates Interscholastic League held on campus in April of each year.

Delta Sigma Rho

President, Clarence P. Quimby *Vice President,* Ernest L. Saxton

Secretary-Treasurer, Harrison C. Greenleaf

Delta Sigma Rho is the National Honorary Forensic Society. Completion of the sophomore year and participation in not less than two intercollegiate debates are the minimum requirements for admission. Since Delta Sigma Rho is the Phi Beta Kappa of Debating, election is purely honorary.

Election to this Society, in which Bates holds the only chapter in Maine, has been awarded this year to the following: Ray W. Stetson, '35, Edmund S. Muskie, '36, William J. Greenwood, '36, Irving Isaacson, '36, F. Carleton Mabee, '36, Isabella Fleming, '36, Ruth Rowe, '36, and Priscilla Heath, '36.

THE EASTERN INTERCOLLEGIATE LEAGUE

For the second time in six years as a member of the Eastern Intercollegiate League and for the first time in four years Bates did not finish in first place. This year as the result of the loss of two debates Bates was forced to share a tie for second place with Bowdoin while Wesleyan University, suffering its only defeat of the year at the hands of a Bates team, won the League for the second time since Bates has been a member. In both instances when Bates has not won the League it has finished second to Wesleyan. During the season Bates met Smith, Amherst, Mt. Holyoke, Wesleyan, Lafayette, and Bowdoin. Undoubtedly the big debate of the year was at Brunswick with Bowdoin. This debate was the first forensic meeting of the two colleges in twelve years. While the student audience went wild and the campus bells tolled, Bates was defeated for the first time in the history of debating between the two rivals. This year's League activity, however, brings the total for Bates during its six years in the League to thirty-six wins and six losses. The debaters participating in the League this year were: K. Gordon Jones, '35, Walter J. Norton, '35, Bond M. Perry, '35, Margaret E. Perkins, '35, William J. Greenwood, '36, and F. Carleton Mabee, '36.

Bates was further honored by being chosen as the host for the League Conference in May, 1935.

NON-DECISION DEBATES

Finding that the trend in modern debating is toward non-decision debates where audience appeal is stressed over presentation for the judges' votes, Bates scheduled a number of such contests. Outstanding among these was the international debate with the University of Puerto Rico. In this meeting of the two teams, the Bates debaters—David Whitehouse, '36, Edmund Muskie, '36, and Irving Isaacson, '36—deplored the extension of Fascism. Isaacson lent a bit of humor by appearing accidentally on the stage in a pair of shiny new rubbers as part of his formal attire. Other non-decision

debates included ones with Dartmouth College at Manchester, N. H., the University of Vermont, the University of New Hampshire, and Boston University. The debate with Boston University on the subject of Socialized Medicine is to be published. Bates was represented in this debate by William Greenwood, '36, and Carleton Mabee, '36. Other men appearing in non-decision debates during the year were: Lawrence Floyd, '37, Ernest Robinson, '37, William Metz, '37, and Walter Norton, '35.

RADIO DEBATES

Each year radio debates feature in the Bates program. Early in the fall, Bates, as co-champion of the Eastern Intercollegiate League with Yale University, was, at the request of Yale, chosen to debate over a national hook-up with Northwestern University, champions of the Big Ten. In this important East-West contest Bond Perry, '35, and K. Gordon Jones, '35, spoke from Boston as the Bates representatives, while the Northwestern debaters spoke from Chicago, Ill. Their subject was the national high school subject of Federal Aid to Education.

In January Bates met the Tufts College debaters on the question of Federal Aid to Education over Station WCSH, Portland. In February Bates went to Bangor to debate the same question with the University of Maine over Station WLBZ. The men appearing in these debates were: Edmund Muskie, '36, Irving Isaacson, '36, Lawrence Floyd, '37, and David Whitehouse, '36.

OPEN FORUM AND TOURNAMENT DEBATES

Through the efforts of Prof. Quimby, director of Bates debating, a new type of debating, the Open Forum, was inaugurated a year ago among the four Maine colleges. In this, each institution has one representative who upholds one possible solution to a four-sided problem. The problem this year was the New Deal. Ray Stetson, '35, acted as the Bates representative in the two presentations, one at Bangor and the other in Waterville. The object is merely to present the arguments for each policy in order that the audience and the speakers can, at the conclusion, decide which one or combination would be the best for the country as a whole. The first meeting was such a success that the men were requested to submit their material for publication. Thus in two years, Prof. Quimby's plan to get the four colleges together in a co-operative rather than a competitive spirit has turned out to be a success.

In May Bates sent William Greenwood, '36, Irving Isaacson, '36, and Carleton Mabee, '36, to the Tau Kappa Alpha Tournament at Kingston, R. I. Eleven schools were represented by thirty-three contestants. Carleton Mabee, '36, demonstrated the superiority of Bates debating by winning the debating section with the only unanimous decision of the tournament. The Bates men were also in the oratorical and after-dinner speaking divisions.

Men Debaters

JUNIOR VARSITY AND FRESHMAN DEBATES

The Junior Varsity debaters appeared before the Auburn Witenagemots, the B. P. W., and the Y. M. C. A. and Y. W. C. A. this year discussing Economic Nationalism vs. Economic Internationalism and Pensions. The discussions were so popular that Prof. Quimby is organizing a Speakers' Bureau from debaters and other interested students. Those taking part in these discussions were: Arnold Kenseth, '37, Roger Fredland, '36, Alonzo Conant, '36, Ralph Musgrave, '35, Ernest Robinson, '37, and William Metz, '37.

FRESHMAN DEBATES

This year the Freshman class included an unusually large number of promising debaters. In order that they might get the practice necessary for varsity competition, the director scheduled debates with Berwick Academy, Mexico High School, Lincoln Academy, Leavitt Institute, Farmington High School, and Lewiston High School.

The men and women participating were: Betty Quimby, Grace Jack, Elizabeth Kadjperooni, Elizabeth Jones, Ruth Hamlin, Gordon Williams, Wesley Nelson, Paul Stewart, James Foster, John Smith, George Windsor, Edward Wnuk, Charles Wakefield, Carl Mazzarella, and Richard Gould.

CLASS PRIZE DEBATES

Aside from actual participation through the Squad there is an opportunity for other debating enthusiasts in the two lower classes to demonstrate their abilities in the Freshman and Sophomore prize debates held each year under

the supervision of the Debating Council. In these the men and women compete for team and individual cash awards. In the Sophomore debate Donald Welch, Robert Fish, and Ernest Robinson defeated Arnold Kenseth, Robert York, and William Metz. Metz, however, was awarded the prize as the best individual speaker.

In the first Freshman prize debate, Wesley Nelson, Butler Seedman, and Grace Jack were successful in contending that co-education should not be adopted generally in American colleges. They were opposed by George Windsor, Gordon Williams, and James Foster, the latter being voted the best individual speaker. In the second Freshman debate, this time on capital punishment, Donald Pillsbury and Paul Stewart won from Evelyn Jones and Elizabeth Kadjperooni. Paul Stewart was adjudged the best individual speaker.

INTERSCHOLASTIC DEBATING LEAGUES

This year in the New Hampshire and Maine Interscholastic Leagues directed by Bates about three hundred students were busily preparing debates on the timely question of Federal Aid to Education.

In the preliminaries held on the fifteenth of March about fifty schools participated in the Maine League and twelve in the New Hampshire division.

The finals of the New Hampshire League were held on campus on the thirteenth of April. The schools which on the basis of two wins in the earlier rounds were able to participate in the finals were Sanborn Seminary, Hopkinton High School, Whitefield High School, and Groveton High School. Whitefield was awarded the championship with Groveton a close second. The race for individual tournament honors resulted in a tie between Vincent Blake of Groveton High and James Lawlor of Sanborn Seminary. On that basis both men were awarded scholarships annually offered to the best speaker of the tournament.

The following week-end thirteen schools were on campus for the semi-finals and finals of the Maine League. Edward Little High School, Phillips High, Bangor High, Hallowell High, and Kingfield High came through successfully into the finals. Bangor High was awarded the Maine State Championship Cup and Edward Little High the second place trophy. As the result of a tie in votes for best speaker, Ernest Andrews and Artemus Weatherbee, both of Bangor, each received a $100 scholarship prize.

Women Debaters

A strong women's team undertook an unusually ambitious schedule this year. The outstanding achievement was an international debate with the witty gentlemen from Oxford. Lillian Bean, '35, and Margaret Perkins, '35, tried to convince the blithe Englishmen that "this house does not favor the nationalization of munitions." This was the first time in the history of Bates that the women have met a team from abroad.

Miss Perkins was also a member of a team that participated in an Eastern Intercollegiate League debate. Previously only men have entered the League debates, but this year Wesleyan was defeated 2-1, by Miss Perkins and her colleague, K. Gordon Jones.

The season opened with Ruth Rowe, '36, Priscilla Heath, '36, and Joyce Foster, '35, journeying to Middlebury College and to the University of Vermont to debate Federal Aid for Education. Later Lillian Bean, '35, Isabella Fleming, '36, and Priscilla Heath, '36, on a trip that included Radcliff College and Emerson School of Oratory, debated the question of Socialized Medicine. The season ended with a campus debate against the women from Rhode Island State. In this meeting, the International Shipment of Arms and Munitions was discussed by Harriet Durkee, '37, and Margaret McKusick, '37. The women taking part in varsity debates were: Margaret Perkins, '35, Lillian Bean, '35, Joyce Foster, '35, Isabella Fleming, '36, Ruth Rowe, '36, Priscilla Heath, '36, Harriet Durkee, '37, and Margaret McKusick, '37.

Bates Team Loses Argument With Car; Debate Cancelled

Bates university debaters, who have won contests in all parts of the world, lost an argument with an automobile yesterday while on the way from Miami to Tampa and failed to arrive for the debate scheduled with the University of Tampa team last night.

The debate was cancelled after the Bates representatives telephoned their car had been stalled "somewhere in the Everglades" and they would not be able to arrive in time for the curtain.

BOND M. PERRY, K. Gordon Jones, and Walter J. Norton travelled 4,800 miles and debated with fourteen colleges as they—for the first time—carried the name of Bates debating farther south than Washington. It was with a great amount of pride that the debaters found that Bates' tradition for excellence and outstanding achievements in forensics was well known in the many colleges and universities visited. So much so in fact that a college that had previously won a decision from Bates in a new type of debate had on that single ground claimed the championship of the world—for had they not beaten the champions among debaters?

This tour lasting for three and a half weeks was characterized by many novel experiences as the men travelled by car from the snows of Maine to the hot sun of Florida. Fifteen debates were scheduled, but one with Tampa had to be cancelled when engine trouble forced the debaters to spend the day in the midst of the Everglades.

Although Editor Bond Perry was forced to do most of his directing of the make-up of the Mirror while "en route" in his debating tour, yet he, assisted by his able business manager, Harry Madden, and a staff of willing workers, have succeeded in presenting this issue of the Bates Mirror for your approval. It is not strictly the annals of the class of 1935 but a yearbook of interest to the whole college. One of the innovations achieved for this purpose is the inclusion of group pictures of all the college dormitories.

With all-college news, special columns, each campus organization, and individuals of Bates finding a definite place in the "Student," Editor John Dority produced during the past year a newspaper that received respect and continued as a campus leader.

The 1935-36 Student staff assumed control of the paper in April. Nils Lennartson, '36, was selected as Editor, while others to have positions include: Robert Fish, '36, Managing Editor; Damon Stetson, '36, News Editor; Robert Saunders, '36, News Editor; Dorothy Staples, '36, Women's Editor; Lawrence Floyd, '37, Gale Freeman, '36, Bernice Winston, '36, and Margaret Andrews, '37, Special Editors; Harold Bailey, '36, Business Manager; and Antone Duarte, '36, Advertising Manager.

The highest honors are in order for this year's Garnet staff for its production of two outstanding issues of the college literary magazine. A new era in Garnet history was declared when Margaret Hoxie '35 and her able corps of editors took over the work. Some of the more prominent of the improvements made were: the increase in the number of pages, the artistic and refined-looking format, the larger number of contributions from students outside the staff, and the excellent reception of both issues by the campus critics.

The Board of Directors of the Bates College Publishing Association is elected each year to act as advisory body to the college publications in matters of budgets, policies, and appointment of editors. The Board this year has presided over various stormy sessions in which several revolutionary measures were proposed and not a few carried to successful completion. While its duties are not many, its decisions are of great moment.

The Young Men's Christian Association has been more active this year than for many years. They have been working in collaboration with the Y. W. C. A. and have aroused more interest than ever before. The combined funds of the two Christian organizations have enabled them to have many interesting speakers.

The two organizations sponsor the Freshman Ride and the I-Am-You-Are party. It is through the combined efforts of the Y. M. and Y. W. that the Freshman have the little handbooks to introduce them to Bates.

A very novel and clever bazaar was given with Evelyn Anthol as chairman of the bazaar committee. The motif was Chinese and was carried out in detail even to the food.

Outing Club

THE BATES Outing Club presented a varied and interesting program throughout the year, and every department extended itself fully in order that the club's membership, one hundred per cent of the student body, and Faculty might make use of the various activities offered.

Outing Club work reached a high peak last summer when Prof. William H. Sawyer, Jr., and three club members scouted a forty mile trail between Baldpate and Saddleback Mountains. This was the last section to be completed of the famous Appalachian Trail, a well defined footpath extending from Atlanta, Georgia, to Mt. Katahdin, Maine. Another summer trip was taken when a group of men spent four days hiking and camping through the White Mountains.

During Freshman Week the incoming class members were introduced to the Outing Club's general program through the medium of moving pictures, and they were also guests at an open-house party at Thorncrag Cabin.

Bad weather curtailed somewhat the Fall mountain trips, but with the coming of Winter, the activities came in rapid succession. For the first time in three years the toboggan chute was made available. Winter Sports equipment was in constant use. The skating rink was a mecca for many; Mt. David was covered with skiers, while a well-worn ski and snowshoe trail crossed the fields to end at Thorncrag Cabin where many parties and open-house programs were held. A cross-country, co-ed hike to Sabattus Cabin this winter also received good support.

The annual Winter Carnival was the highlight of the activities with the four days being completely filled with outdoor programs and social events. Many new features were introduced, and the first event showed last year's football men displaying their bag of tricks in a game of touch football on snowshoes. This was followed by another specialty, an All-College co-ed dinner. Outing Club movies and a lecture concluded this first day's events. West Parker won the Inter-Dorm Winter Sports Meet, and Frye Street House received the trophy in the ice-sculpturing contest. An All-College Parade toured campus and escorted the Carnival Queen, Gladys Webber, '35, to the skating rink where she was coronated.

The Winter Sports team opposed a local team; there was a hockey game with Bowdoin the same afternoon; and in the evening the Carnival Hop. Another open-house party at Thorncrag Cabin brought to an end the four-day event.

Plans for the Spring season include hikes, mountain climbs, canoe and fishing trips. A new Board of Directors and additional members to the Junior Body have been elected, and under their leadership the club should fulfill its main purpose of being an organization which brings all the men and women of college into an outdoor program of non-technical and non-specialized activity.

The purpose of Spofford Club is to promote the literary interests of the college and to encourage undergraduate work in letters. The meetings this year have been divided equally in interest with programs for those members with critical ability, and for those with creative ability. This has been maintained through the median of lectures, discussions, book reviews, creative compositions and constructive criticisms. Spofford Club was also responsible for the literary lecture by Robert Tristram Coffin.

The Phil-Hellenic Club, one of the first clubs to be founded at Bates, has for its purpose the promoting of interest in Greek literature and life. Included in the Club's programs are several joint meetings with the local Greek people through the George C. Chase Chapter of Ahepa whereby a firm bond of friendship has been established. In so far as it is possible all activities are conducted in the same manner in which they were carried out in the days of ancient Greece, and the spirit of classicism is predominant in all the undertakings of the society.

Phi Sigma Iota, a national honorary society, was founded with the sole object of rewarding and stimulating interest and excellence in scholarship in the field of Romance Languages. The Kappa chapter was installed at Bates College with this purpose in view in 1928.

This year meetings were held the fourth Thursday of each month. At each meeting various members gave illustrated lectures on subjects pertaining to the theme selected for the year, which was the art of the three countries—France, Spain and Italy.

The German Club has the distinction of being the oldest club on campus, founded soon after 1900 with the aid of Dr. Leonard, still its senior faculty adviser. It admits each year a limited number of students, usually of the two upper classes; members are elected for interest and scholastic attainment. Through Der Deutsche Verein the best students are affiliated with Delta Phi Alpha, national honorary German society.

This year a fine Hallowe'en cabin party and outdoor play was given at Thorncrag Cabin and at the fireplace. The annual Christmas party was held in the Women's Locker Building.

The programs at the meetings consisted of plays, lectures, German games, German songs, and such other activities as tended to stimulate interest in the language and country. Even the refreshments have had a German flavor this year: kochen, sauerkraut, frankforts, as well as the more conventional dainties.

The Politics Club does much to stimulate interest on campus in national and international affairs. It has cooperated with the Debating Council by taking part in the open forums held after the debates.

The club is composed of Sophomore, Junior, and Senior majors in History, Sociology, Economics, and Government. Every meeting is planned to give the members some stimulating subject concerning world affairs to discuss. Throughout the year various members were sent to other colleges as delegates to conferences. This year, for the first time, the club had a banquet.

The Jordan Scientific Society is named in honor of Lyman G. Jordan, '70, long-time professor of chemistry. It is composed exclusively of upperclassmen, and since 1918 has been active in arranging science exhibits. This year the Bates College Biennial Exhibit, held February 14 and 15, was inspected by more than two thousand visitors including many students in Maine schools.

The activities of the organization also includes lectures by specialists, and the purpose of the society is to effect a closer correlation between the sciences and between pure and applied science.

Initiations this year have been in charge of Eleanor Glover, '36. The following members were admitted: (Nov. 6, 1934) Myra Briggs, Constance Murray, and Ruth Rowe; (April 16, 1935) Bernice Dean, Dorothy Preston, Daisy McPherson, Ruth Robinson, Evelyn Merrow, Geneva Kirk, Augusta Ginther, and Elizabeth MacDonald.

The business meetings have been followed by a variety of programs: Chemistry—dyeing of cloths; Botany—classification of fruits; Geology—weather forecasting; Medicine—a talk on Ductless Glands and on Cancer by Dr. Herbert Sprince; Math—a Mathematics terms contest; Physics—A talk by Dr. Karl Woodcock on the Open House at M. ATHLETICS

JAMES H. CARROLL

Dedication

TO JAMES H. CARROLL, '11, an ever-loyal man of Bates—one who was extremely interested in its athletic life, and for several years an active alumni member of various committees created in behalf of athletics—we dedicate this year's Athletic Section.

"Notwithstanding Mr. Carroll's work as a practicing lawyer and his outside work which took so much of his time and energy, his interest in Bates ever increased and he served the college faithfully and well over many years.

"He had been a member of the College for nine years, and was president of his class at the time of his death, a position which he had held for eight years.

"Wherever he was or in whatever activity he was engaged, Mr. Carroll made lasting friendships and the memory of his genial smile and hearty greeting will long endure. 'Jim,' as he was always known, served well his college, his community and his country, and it can well be said 'the world is better because he lived'."

The Varsity Club, membership to which every Bates man aspires, completed its 1934-35 regime under the capable presidency of Walter Gay, '35. Maintaining every Bates tradition of former years, the Varsity Club has done much to make the incoming freshman "a true Bates man" and has done all within its power to aid the underclassmen both scholastically and athletically. It conducts the "Back To Bates Night" annual dance at the Alumni Gym and assists in the State Interscholastic Basketball Tournament along with the Athletic Council. It upholds the betterment of Bates athletics, clean sportsmanship and the Bates athletic traditions. Professor Brooks Quimby was faculty adviser for the year.

On September 17, 1934, Garcelon Field echoed with the sound of "toe against leather," as thirty-five stalwart sons of Bates answered Coach David Morey's call for the 1934 Garnet and Black gridiron campaign. With such promising material as Stone, Lindholm, Valicenti, Mendall, Fuller, Carlin, Wellman, and Anicetti, general training began in earnest for the opening game against Arnold College of New Haven, Connecticut.

BATES 13 ARNOLD 6
(September 29)

In characteristic fashion Bates opened its 1934 football campaign with a 13-6 victory over a stubborn Arnold eleven. Old Joe Pluvius hampered the work of both teams, as the muddy field, together with a wet and slippery ball, caused many a fumble. Bates scored its first touchdown on a 54-yard march down the field, with Wellman carrying the ball over the goal line from the eleven yard marker. Arnold, not to be beaten, scored when Driend threw a 30-yard pass to Lockery, who ran 40 yards for the touchdown.

In the third quarter, Wellman scored again on a line buck through the center. To make it a perfect day, he then ran around right end to score the point after touchdown, thus scoring the entire 13 points for Bates.

BATES 0 HARVARD 12
(October 6)

A Harvard team, superior in man-power, but not in fighting spirit, was fortunate to eke out a 12-0 win over the Garnet eleven. The Crimson forces dominated the game the first ten minutes of play, but from then on a plucky, hard-driving Bobcat pushed the Crimson all over the field, completelv outrushing and outplaying its foe. Litman and Morely scored for Harvard in the first period after penalties and a short kick by Clark put Harvard in an advantageous scoring position. Not to be undaunted, Bates then became complete master of the battle, but due to untimely fumbles, one on the three yard line and another on the six, Harvard emerged a "lucky" winner. Praise should be extended to the stellar playing of the entire team, who earned a hard "moral" victory over a team out of its class. Mendall, Stone, and Lindholm in the line, and Paige and Curtin in the backfield, were the spark-plugs of an outstanding and deceptive Bates offense and defense.

BATES 7 NEW HAMPSHIRE 7
(October 13)

The Garnet gridsters journeyed to Durham, New Hampshire, and battled the University team to a hard fought 7-7 tie. Stoddard blocked a punt in the early minutes of the game, and then fell on the ball for the first score. From then on, the Bobcats played snarling football, until a beautifully executed pass from Demers to Karagia, and a subsequent touchdown, gained six points for the University of New Hampshire. The point after was drop-kicked through the bars by Pederzani. The entire Bates line dominated the fray, and Barney Marcus, supplanting the injured Wellman at right half, broke into the limelight with his outstanding broken field running. Demers and Pederzani were outstanding for New Hampshire.

BATES 6 BOSTON UNIVERSITY 8
(October 20)

A visiting Boston University team went gleefully back to Boston as a result of an 8-6 victory over the Bobcats. Russel Lynch, former Bates player, was the thorn in the Bobcat's paw, as he was instrumental in leading the Terriers to victory. Lynch was on the receiving end of a beautiful triple pass, which saw Sandercook carry the ball over for a score. Bates scored her lone touchdown as the result of fine open field work by Marcus, who advanced the ball from the Bates 40-yard line to Boston University's two. On the next play, Pignone scored on a line buck. In the third quarter, a blocked punt gave the Terriers two points, which proved to be the margin of victory.

Bobcats Bite Bowdoin Bears

State Series

BATES 0 MAINE 12

(October 27)

A powerful Maine eleven, outrushed in the first half, completely turned the tables and returned to eke out a hard fought two-touchdown victory over the Garnet machine. In the first half a hard-fighting Bobcat eleven pushed the University team all over the Alumni Field at Orono, but that last vital punch failed to come at the opportune moment. In the third quarter, a pass from Dow to Hamlin resulted in the first University of Maine score. Another similar scoring combination and two 15-yard penalties placed the Brice-men in scoring position, and MacBride scored from the three-yard marker. MacBride and Butler dominated the University of Maine victory. Marcus, Mendall, Gautier and Fuller deserve mention for their outstanding play. Lindholm, Stone, and Stoddard were unable to play because of injuries.

BATES 2 BOWDOIN 0

(November 3)

Bates' traditional rivals sadly trekked back to Brunswick as the result of a 2-0 loss at the hands of the Moreymen. A blocked punt by George Mendall

gave the Bobcats an automatic safety and the resulting 2-0 score. At times Bowdoin seemed to threaten but an ever stubborn Garnet line rose to the occasion and mawled the Polar Bear into submission. On the whole, the entire Bowdoin line played great defensive football, with Charlie Smith at center outstanding. Marcus and McClusky were the bright lights in the backfield while Mendall, Anicetti, and Drobosky were bulwarks of strength in the Bates line.

BATES 13 COLBY 0

(November 12)

The Garnet eleven ended the 1934 campaign with a brilliant victory over Colby on Armistice Day. Thirteen men of the class of 1935 entered the fray to aid in the Bobcat victory, and all thirteen closed their football careers in a blaze of glory. From the opening whistle, Bates presented a baffling offensive and defensive game that put the White Mule back upon its haunches time after time. Manning scored in the first quarter after sustained marches from midfield put Bates in a scoring position. Marcus hit the center of the line for the extra point. In the third quarter Marcus intercepted a Colby pass and ran 57 yards to the three-yard marker. From here, Pignone scored the final touchdown of the 1934 campaign.

Mendall, Fuller, and Stone ended their four years in characteristic fashion by obtaining "All-State" recognition, while Marcus, '37, comprised the fourth member of Bates' contribution of All-State honors.

Freshman Football

The scrappy Bates Bobkittens won one and tied one in their two-game football schedule. The first contest was a scoreless tie with the Kent's Hill eleven. The Freshmen lost their best scoring chance when they incurred an untimely fifteen yard penalty. In the second game of the season the yearlings displayed a powerful offensive attack and defeated Maine Central Institute, 12—0.

Coach Ray Thompson's varsity "hill and dalers" began their cross country training several days after the opening of the fall semester. Fifteen candidates, including Captain Carl Drake, Ed Winston, Ted Hammond, and Day Stetson, served as the nucleus of the Garnet team. The cross country course was shortened from five to four miles and the old run over Pole Hill was eliminated.

On October twentieth the season was officially opened with Bates, Colby, and Northeastern engaging in a triangular meet over the new Bobcat course. Northeastern University captured first place with 34 points, while Bates was second with 39, and Colby third with 58. Cliff Veysey of Colby crossed the finish line in the fast time of 20 minutes, 21 4/5 seconds, while Paul Tubbs, the first Bates man to finish, placed third.

On October twenty-seventh Maine won the State Cross Country title by defeating Bates and Colby at Orono. The winners had a total of 23 points, Bates was second with 46, and Colby placed third with 61. Once again Cliff Veysey, brilliant Colby runner, won individual honors. Paul Tubbs and Ted Hammond were tied for sixth place, while Day Stetson, the third Bates man to cross the finish line, was in number ten position.

The Bates harriers ended the season by placing fifth at the New England Intercollegiates, held at Franklin Park, Boston, on November 12. Paul Tubbs was again the leader among the Bates runners by finishing 17th. Day Stetson was 18th.

The Garnet sextet entered upon its 1934-35 campaign with a nucleus of only three veteran lettermen. Joseph Francis Murphy, '33, assumed the position as the new hockey coach under the supervision of Coach David Morey. Twenty-three candidates answered Coach Murphy's call for hockey, and after two weeks of practice, the Murphymen became groomed into a formidable machine.

In a practice game, the Garnet machine lost its opening encounter by a 5-1 score at the hands of the St. Dominique Club of Lewiston. The game was a thriller despite the score, but the more experienced St. Dom. sextet displayed remarkable team work to earn a thrilling game. But for the brilliant work of goal tender, Captain Carl Heldman, the score would have been greater.

The Bates Varsity Hockey team opened its State Series quest by finding itself on the short end of an 11-2 score at the hands of Colby. The Colby forward line of Pagannicci, Lemieux and Ross seemed to function as a clock-like machine. With such a veteran forward line of experienced players, the trio accounted for eight of the eleven goals scored. Captain Carl Heldman had a spectacular night in the cage as he was credited with sixty-one saves. Toomey and Mendall played great defensive hockey for the Garnet.

New Hampshire 3, Bates 2, was the final score of a game packed full of action and near riots. The Murphymen played great hockey, but lack of following up their shots spelled defeat.

Two days later the Bates pucksters played hosts to the Bowdoin Polar Bears and broke into the win column with a 1-0 victory. In the first and second periods Bates and Bowdoin battled on even terms. Steere, the Bowdoin goalie, did yeoman work in repulsing many a Bates shot, but it remained for Meagher to "Steere" the lone score into the nets for a Bates victory.

Once again the University of New Hampshire defeated the Bates pucksters when fate and ill-luck combined to give the University of New Hampshire an 8-2 victory. Toomey and Dinsmore played a brilliant game at defense but lack of reserve strength was instrumental in tiring them out. Stifby, Grocott, and Schiffer, the University of New Hampshire forward line, combined in excellent pass-work to score seven of the goals.

The Bates Bobcat

Mascot For All College Teams

On January 18, Colby encountered unexpected and stubborn opposition from a Bates sextet that was minus the services of one of its outstanding players, Wes Dinsmore. Colby finally eked out a 5-3 victory. The teams entered the last period with a 3-3 deadlock, but in the fifteen minute overtime period two Blue and White goals in quick succession put the visitors ahead by the final two-score margin.

Bowdoin ruined an otherwise perfect carnival sports program by beating the Bobcats, 3-1. Rough and soft ice prevented fast skating but the goal-tending of Steere of Bowdoin and Heldman of the Murphymen gave the game a spectacular interest. Meagher was the first to tally as he managed to score while in close scrimmage before the net. Mills of Bowdoin accounted for two of the Bowdoin scores, while Rutherford added the final tally.

The Bowdoin-Bates hockey series saw the Polar Bear win the final game by a 1-0 score. Within two days Bowdoin was fortunate to earn two successive victories. In the last period Rutherford, substitute center of Bowdoin, poked a rebound past Heldman to score the lone goal. Mendall, Toomey, and Meagher were continuously making solo dashes but with no result, as the brilliant mark of Steere in the Bowdoin goal was flawless.

Colby's state champion hockey sextet closed the Maine hockey season with a 3-1 victory over the Bobcats. Ross of Colby accounted for two of the Mule's goals while Al Pagannicci scored the other. Chick Toomey scored for Bates in the last period. The Bobcat pucksters performed excellent work in holding such a veteran aggregation to a low score. Once again the almost perfect goal-tending of Carl Heldman prevented a much larger score.

The Bates Freshman hockey sextet opened its season on Thursday afternoon, January 17, with a tie game with the Bridgton Academy representation. A ten-minute overtime period failed to break the deadlock, and by mutual agreement the game ended with neither team a winner. Lack of available ice before the first game handicapped the yearlings to some extent, and defensive play tended to be weak.

In the second and final contest of the year, played at St. Dom's Arena, January 23, the Bobkittens showed a marked improvement as compared with their opening appearance, and they defeated Kent's Hill, 5—1. There were no other games played after this since with the passing of mid-year examinations the members of the first-year class became eligible for the varsity.

DUAL MEETS

During the indoor track season the Bates varsity team won one of three scheduled meets. In the three meets, Bates proved to be exceptionally strong in every field event, but comparatively weak in the half mile, mile, and two mile events.

BATES 71½ COLBY 45½

On February 22 the Garnet forces defeated Colby, 71½ to 45½. Anton Kishon was high scorer for Bates with a total of 19 points. He placed first in the 35 pound weight, discus, and shot-put; second in the broad jump; and third in the high hurdles. Keller equalled the indoor record in the 40 yard dash and also took first in the broad jump. Kramer tied Marshall of Colby for first place in the high jump. Lou Meagher had little trouble in winning the pole vault at 11 feet, 6 inches. In the 300, Captain Frank Pendleton ran a fine race to win out over Washuk of Colby and Marcus of Bates.

BATES 49½ MAINE 67½

The Bates-Maine dual meet gave evidence that the Steiners were supreme in the running events, while the Bobcats were superior in every field event. Keller was the only first place winner for Bates in the sprints, taking the 50 yard dash in the record time of 5 and 3/5 seconds. Once again Kishon showed his supremacy in the field events by breaking three meet records and one cage record. Bates made a clean sweep of all three places in the discus and pole vault, but this was insufficient to offset the powerful running of the Maine men in the sprints and middle distances.

BATES 41 1/3 NORTHEASTERN 48 2/3

The Bates-Northeastern dual meet will be listed in the books as a "record breaker" when it is considered that one world record was tied and four Bates and five meet records were broken. The outstanding event was the 45 yard high hurdles in which Royce Purinton of Bates tied the world's record of 5 4/5 seconds in winning over Henderson of Northeastern. Kishon broke records in the shot-put and 35 pound weight; Sandler of Northeastern set a new meet and Bates cage record in the high jump; Meagher captured the pole vault by establishing a new record of 11 feet, 11⅝ inches.

The Bates one-mile relay team was undefeated in competition by virtue of victories in both the Knights of Columbus games and the Boston Athletic Association Meet. In the K. of C. races Bob Saunders, Frank Pendleton, Art Danielson, and Barney Marcus defeated teams from Springfield, Maine, and New Hampshire; while in the B. A. A. competition Rhode Island and Williams were the representations to lose to the Bobcats.

Harry Keller, running in the 50 yard dash at the Knights of Columbus games, placed third.

UNIVERSITY CLUB MEET

Boston, Mass. February 13, 1935

An eight-man Bates track team placed third in the Class A division of the University Club Meet. Harvard was the winner and Bowdoin's representation placed second.

Harry Keller placed second in the broad jump, Tony Kishon and Larry Johnson placed second and fifth respectively in the 35 pound weight, Kishon was third in the shot-put, Keller won the 50 yard dash, Bob Saunders finished third in the half-mile run, Bob Kramer tied for third in the high jump, and Louis Meagher tied for fifth in the pole vault.

PENN RELAYS

The Penn Relays, held at Philadelphia on May 4, brought into National prominence two of Bates' outstanding athletes, Anton Kishon, '37, and Larry Johnson, '37.

On Friday, April 26th, news arrived on the campus which set the bell in the tower of Hathorn Hall ringing. Kishon had set a new record in the discus with a throw of 151 feet, 5¾ inches. He won again Saturday in the hammer, tossing the iron ball 167 feet, 2¼ inches, barely shading his teammate Johnson, and finishing far ahead of the nearest outside competitor. He then completed the day by taking a fourth in the shot-put.

BATES 45 1/3 M. I. T. 89 2/3

In a dual track meet at Cambridge, May 4, the Bates team was defeated by Massachusetts Institute of Technology, 89 2/3 to 45 1/3. Failure to win a single first place in the running events accounted for the Garnet defeat. Kishon lead the Bates scorers with an individual total of 18 points, winning two firsts, two seconds, and two thirds.

STATE MEET

The Maine Intercollegiate Athletic Association renewed the 37th Maine State Track Meet, on Garcelon Field, Saturday, May 11. The University of Maine won the coveted State title with Bowdoin second, Bates third, and Colby fourth. Kishon was the outstanding Garnet scorer with a first in the discus and hammer throw, second in the shot-put, and third in the broad jump. Kramer won state honors in the high jump, while Meagher once again proved his superiority by soaring 11 feet, 10 inches, to top honors in the pole vault. The failure of the Garnet runners to score in their events spelled defeat for the Bobcats.

The team scores were as follows: Maine, 52; Bowdoin, 37 2/3; Bates, 34; Colby, 11 1/3.

TRIANGULAR MEET

In a triangular meet on May 18 with the University of Maine and New Hampshire University, Bates finished second. Maine won the contest while New Hampshire finished in third place.

The high scorers of the meet were Funston of New Hampshire and Kishon of Bates. Funston defeated both the in-state hurdlers, Goddard of Maine and Purinton of Bates, in the lows and highs, and won the 220 yard dash. He finished second to Murray of Maine in the "hundred", amassing in all a total of 18 points.

Kishon, Bates star weight man, scored three firsts and a third for a total of 16 points. In his specialty, the hammer, he nosed out Larry Johnson with a toss of 163 feet, 9 inches. In the discus he set a new Garcelon Field record of 147 feet, 1 inch.

BATES 4 BOWDOIN 8

The Bates nine opened the 1935 baseball season by suffering defeat at the hands of Bowdoin at Brunswick, April 19. The game was listed as an exhibition tilt, and Coach Morey used nineteen men in an endeavor to mould together a strong team. Failure of the Garnet batsmen to hit in the pinches spelled defeat, although the Bates team was handicapped because of a lack of practice outdoors.

BATES 2 BOSTON COLLEGE 9

On April 26 the Bobcat pastimers journeyed to Boston and lost to the strong Boston College nine by a 9—2 score. Jake Stahl started the game on the mound for Bates. The Garnet infielders played mediocre ball, committing eight errors, each miscue playing an important part in the scoring of runs.

BATES 1 HOLY CROSS 14

On April 27 a strong Crusader nine, leaders of the Eastern Intercollegiate Baseball League, won out over the Garnet by a 14—1 score. Bob Darling began on the mound for Bates but a barrage of Crusader hits forced him to be replaced. Fish and Stahl pitched the remainder of the game. Bates scored one run in the second inning when Semeli opened with a single to left field. Successive infield outs by Gillis and Sherman advanced him to third, and from there he scored on Darling's sharp single to center field.

BATES 7 COLBY 4

Bates began its quest of the State Series crown on May 2 by defeating Colby, defending champions, by a 7—3 score. Darling was on the mound for the Bobcats and his twirling proved effective after a shaky beginning. At the end of the fifth inning Colby was leading, 3—1, but a barrage of hits and runs in the sixth netted the Garnet four runs. In the lucky seventh, Bates scored two more runs to clinch the game.

The schedule for the rest of the season:

May 15	Bowdoin	May 25	Northeastern

The Women's Athletic Association has shown itself to be progressive as well as efficient during the past year. Among its outstanding achievements was the reorganization of Board membership. Under the new system, only the four leading office holders are elected by the Association, the other members being subsequently appointed by those elected. The new office of Publicity Manager was initiated this year, also.

With so satisfactory a reorganization, an unusually successful year's program was carried out. Sportland tour and Hare and Hound chase were both voted above par. The high school Play Day was well attended and skillfully handled in spite of the cold, wet weather. Alumni as well as students appreciated the careful management of the Back-to-Bates Tea. The banquet, demonstration, Health Week, and College Play Day were all extraordinarily successful.

Among the privileges enjoyed by the Board members this year were the annual House Party and Cabin Party, and the Week-end of Play at the University of Maine. But perhaps the most memorable event was the trip made by Ruth Frye and Dorothy Wheeler last May, when they attended the Conference of the Eastern Division of the Athletic Federation of College Women at Denison University, Granville, Ohio.

Faculty Coaches

Professor Lena Walmsley

Enthusiasm, patience, a sense of humor, and a real understanding of girls—what more could we desire of a coach. "Professor" certainly has all of them, besides real athletic ability which puts us all to shame. What is more she takes a personal interest in each girl's problems, whether they concern schedule arrangements, summer work, or social adjustments; and is always ready with helpful suggestions. To say that she's a real friend would be to repeat what has been said before—making it all the more true!

Miss Mildred Fisher

To referee hockey games for two and sometimes three consecutive hours, particularly when the weather makes even the center halfback feel rather shivery, requires fortitude. But to do it with a cheerful smile is an attribute. Miss Fisher has been doing this at Bates for the past three years, and coaching basketball, volley ball, archery, and dancing with the same smiling efficiency.

One of the most successful departments of W. A. A. activity is the system of student coaches for extra period sports. Each year those girls interested in coaching signify their interest to the Athletic Association Board. From the applicants, one coach for each major sport is selected. It is excellent practice for the students and makes possible, as well, the organized extra-curricula practice.

The number has been increased this year, and even further expansion may prove feasible in the future.

To the Bates girl who has any athletic ability or aspiration, the ownership of a "B" sweater is a privilege to which she looks forward from her first year in college. Happy the girl who succeeds in earning one! For they must be earned. A sweater is awarded not merely on an athletic basis, but entails as well the points of good scholarship, high quality sportsmanship, and a posture grade of at least B. We may be justly proud of our "B" girls as they represent one side of the real Bates standard.

The hockey season again received a hearty welcome. Fifty-five eager girls were out for W. A. A. practice last fall. Enthusiasm ran high, and competition between Garnets and Blacks was keen.

This year the Seniors and Freshmen, Juniors and Sophomores were combined to make the teams more even. The Garnets showed up well by winning all of the class contests, but there was a big upset in the Varsity Game when the Blacks defeated the Garnets by a score of 7 to 2.

There was real excitement in Rand Gym during the volley ball season last winter. In spite of the small classes there was plenty of noise as the old gym rang with shouts of "Nice serve!""Hit it back! Careful, now—one, two—there it goes!" Thoughtful cheering is half of the game, you know. Baseball stole quite a number of erstwhile volley ball enthusiasts, but the faithful few enjoyed a fine season.

Eighteen girls, nine in black "pinnies," and nine in garnet, take their positions on the field. "Professor" blows the whistle! The Garnet center kicks the ball to her Left Wing, and the play is on. Finally, the Wing sends the ball skidding across the goal; the Inner kicks it—and it's in! A goal for the Garnets! The Blacks repeat the swift dribbles and passes to another well-earned goal.

As in hockey, the classes were grouped to make more even competition, the Seniors and Juniors playing against the Sophomores and Freshmen. The Blacks kept a continual though small lead, even to a one point victory in the Varsity game.

A white winter, almost too white some might say, aided the winter sports program. Snow, snow, and more snow! What could be more for the pleasure of skiing and snowshoeing enthusiasts! And as long as there are energetic youths to clear the skating rink, we are all set for fun.

The competition within classes was eliminated, but the big Garnet and Black meet showed some real skill as well as good sport. The Blacks defeated the Garnets by one point in a closely contested series of events.

Baseball this year was one of the outstanding sports of the early winter season. An enthusiastic group met in the "cage" during W. A. A. periods and under the skillful direction of Ethel Oliver (student coach) attained quite remarkable finesse in the fine points of the National Game. Since the Garnet and Black factions were so evenly matched, the competition was unusually keen. The Blacks finally defeated the Garnets two out of three games.

Tennis

Manager, Constance Redstone, '36

In the spring season of 1934, the tennis tournament was open to all the girls and was run on the elimination basis. Since it was not limited to the Garnet and Black divisions, the final match on Play Day took the form of a personal competition, and no point was given either side. An unusual amount of enthusiasm resulted from the fact that a much large number than in previous years participated.

Because of the unfavorable weather conditions there was no tournament run in the fall of 1934. The points were awarded the side having the largest attendance. In this the Garnets came out on top. The incessant rain made it necessary to specialize in "skull practice" and perfection of strokes in the close quarters of Rand Gym. It developed patience—a real asset in tennis!

Riding

Manager, Margaret Melcher, '37

Whether you spend most of your valuable Physical Education period on the horse's back, or in the space just above the saddle, you will agree that Riding is one of the most popular activities offered.

Contrary to previous years, Riding was offered only to Juniors and Seniors, during the fall season of 1934.

Because of the late fall season, the weather made the annual group ride impossible. In view of that fact, a hike to Sabattus was arranged, and all girls wishing W. A. A. credit were able to obtain it in this way.

Veteran riders need no incentive to make this sport a desirable activity. To new riders we might say that individual attention is given, and an outdoor activity of this sort is invigorating as well as instructive.

Archery

Manager, Valeria Kimball, '36

Stand squarely, pull hard, take good aim. Whizz! there goes the arrow straight for the bull's-eye—we hope!

The national reawakening of interest in archery has been felt upon the Bates campus as well as in many of the larger classes. In the fall season about forty girls elected the course for regular physical education, and additional class of nearly a dozen Senior girls had special instruction twice a week. An almost equal registration was recorded last spring.

During the latter season Bates again entered the National Intercollegiate Telegraphic Archery Tournament, entering scores all between 200 and 300, whereas only three were over 200 last year. This placed Bates in fairly good ranking.

In the Garnet and Black competition last fall the Garnets won the scoring point.

Participants in the Telegraphic Tournament were:

M. Butler
V. Longfellow
R. Cantlin
L. Bedell
S. Clemants
D. Maxim
T. Poulin
M. Buck

Garnet and Black Tournament

Instead of the usual demonstration, this year the Women's Physical Education Department presented a cross-section of its activities in the form of a tournament. Thursday evening, March 14, Elizabeth Hobbs, '35, and Jean Murray, '35, Black and Garnet leaders, were escorted to their thrones on either side of the gymnasium. Each of the performing groups entered separately, saluted the leaders, and the tournament was on. The whole series of events was exceptionally successful as conducted under the new system.

It was the Garnet messenger who tacked up the insignia on the banner, her fellow-combatants having been victorious by a score of 9-6.

The C. M. G. Club

OFFICERS

President, Prof. Grosvenor M. Robinson

Secretary, Louise Hayden, R.N.

Treasurer, Dr. Ralph A. Goodwin

The C. M. G. Club is one of the most exclusive organizations on the Bates campus, although in the selection of members it may be rated as one of the most democratic. Membership is limited to the representatives of the college community who are unlucky enough to have to go to the hospital, and yet are lucky enough to have the expert care of the staff of the Central Maine General Hospital. The slogan of the club is:

If sickness there must,
The C. M. G. or bust.

During the past year Prof. Grosvenor Robinson was elected president of the club by unanimous consent. Every year he is an honorary member of the organization, for "Prof Rob" is always among the first to welcome new members into the C. M. G. This year, however, he was a patient, and the many club members he has visited in past years had an opportunity to repay the bedside calls.

Some of the Bates men continue as semi-active members after they leave the hospital. They become attached to the C. M. G., and they return again and again to renew old friendships.

The Bestowal of the Cross of Chevalier of the Legion of Honor of the Republic of France

In one of the most brilliant ceremonies ever witnessed in the Chapel, the French Government paid a lasting tribute to Dr. Clifton Daggett Gray by making him a member of their Legion of Honor on May twentieth. The Honorable Henri Bergeron, the French Consul, in bestowing the Cross of Chevalier on the President, said that it represented not only a gesture of affection from one country to another, but more an expression of the high regard held by the French Republic for the everlasting interest taken by the President in French literature and art. The Honorable Louis Jefferson Brann, Governor of Maine, introduced by the Chairman, Dr. Louis Raoul Lafond, was one of the several speakers to congratulate President Gray. The program was as follows:

Processional — *Gounod*

Invocation — The Reverend Father Vital Ernest Nonorgue
Pastor of the Holy Family Church

Introductions by the Chairman — Dr. Louis Raoul Lafond
The Honorable Robert James Wiseman, Mayor of the City of Lewiston
The Honorable George Curtis Wing, Jr., Mayor of the City of Auburn

One of the more prominent organizations of the Senior class is Tau Beta Sigma. Organized in November, 1931, with an original membership of twelve, through the vicissitudes of college life it has dwindled to the present number of six. Surely no other group of six girls have such diversified activities and interests to their credit as these, for among them we find three language club presidents, three Student editors, four Mirror editors, two Garnet editors, two actresses, two Junior Body members, two W. A. A. officers, one Y. W. C. A. Cabinet member, one Phi Bete, six class numeral awards, three "B" sweaters—to mention but a few. Conspicuous by its absence, however, is membership on the honored Student Government Board. As for their co-educational accomplishments—in this field, they were all equally outstanding. During the month of May, the club holds its annual banquet at Joy Inn when they renew their vows of eternal fidelity.

The Wedding of the Painted Doll

Junie and Charlie were sweethearts,
Lovers most ardent of all;
One beautiful evening this winter
They married in style in Rand Hall.

The procession will long be remembered.
The bride was resplendent in white,
Her veil caught with marshmallow candy,
Her bouquet tied with red ribbon bright.

A bevy of beauties for bridesmaids,
Lovely ladies we all know so well,
Dottie Shields, and our own merry Alice,
And golden-haired Betty Durrell.

Charlie was handsome as usual,
And happy as happy could be;
But one look at Junie's dad, Sammy,
Soon banished his joy and his glee.

For Fuller stood by with a shotgun
And at Charlie both barrels did aim.
So naturally Charlie decided
To hasten and marry the dame.

Bob Walker the couple united,
And sweetly they answered "I do."
While poor Ruthie Webber, June's mother,
Shed tears the whole service through.

Miss Durkee sang "I Love You Truly;"
As John, the best man, kissed the bride.
Then out through the rice storm they staggered
To go on their honeymoon ride.

To Jordan's they went in a hurry
(They'd chartered their own Figure 8)
While Charlie swore that was the first time
They'd had an unchaperoned date!

A fine wedding breakfast by Rena—
Then the trolley again they did board
And off the two sped to Sabattus,
'Twas the best the poor kids could afford!

An international news syndicate caught this action picture this Spring when the first Bates shell broke the ice on Lake Andrews, officially initiating what later proved to be another state championship year for the oarsmen. The shell in the above picture is an entirely new type of craft and somewhere near thirty-thousand people came on for the launching, at which Coxswain Carl Milliken, Jr., broke the first bottle of champagne over the prow. The season got off to a bad beginning when stroke Sam Fuller made an off-side plunge drowning all hopes in the 12th inning of a hard fought match with Colby, and causing the loss of the game to the Waterville quintuplets, 2—6, 8—6, 4—6. An off-tackle run by Leslie Hutchinson in the second-round with the Bowdoin Penguins put the boat on the Brunswick two-yard line and Leslie Hutchinson (who had been suffering with a bad case of mat burn all season) tied the score by a beautiful line drive to the middle of the lake. They finally lost this race when Omaha came through from behind to make the score 0—0 and Fuller was knocked out in the 15th round with his own oar.

The year's sensation came when the Crew set out with their waterwings for Orono. The ice up there hadn't thawed at the time, so Bill Stone put on his skates and broke the ice in twenty flat after some beautiful hitting in the seventh. From then on it was easy swimming and Ken Wood broke both of his oars before the Orono Orioles could come out of their corner, thus losing the game for both teams. Gertrude Stein, who followed the team around the state, in an aside to the press had to confess that: football is baseball, track is tennis, six-love, and fun is fun but she didn't want to laugh all the time.

THE CONQUEST

'Twas placid on the Andrews
Not a co-ed was in sight,
So Hutchinson decided
'Twas time to prove his might.

"Leander swam the Hellespont,"
The boys had taunted him,
"If you can't cross Lake Andrews
You're hardly 'in the swim'."

Well, this had made Les angry,
And quickly as a flash
He plunged into the water
And made a record dash.

Now Hutchinson's a hero,
He's done what ne'er was tried,
He swam across Lake Andrews
At its very highest tide!

Town Topics

Loving parents who spend $1,000 a year in the faith that it is going toward cultural improvement have the right to know. "Things are seldom what they seem; skimmed-milk masquerades as cream," etc. Among the many inside stories on Campus Private Lives, the most scandalous, probably, is that of the corrupt Mayoralty Campaign, where souls are auctioned off for a single vote; and the spoils system could easily put Tweed to the blush. This year Bond Perry led his party to victory after a Spring Campaign which threatened to disrupt the college morale. His Honor is the second Mayor of the Campus, and succeeds the 1934 Mayor, Frank O'Neill. For those who are not familiar with all this, the campaign includes a week of speech making on the Campus by the several candidates—to say nothing of addresses in the local theatres, parades, and publicity scoops.

Other Campus highlights which never reach home include the story of Miss June Sawyer, who defied the College tradition by harboring a pet chicken in her suite at Rand Hall. The chick, Esmeralda, proved to be so intelligent that students became accustomed to seeing it hurry down the Chapel aisle in a last minute dash to reach Miss Sawyer before the service commenced. Originally hatched in the Biology Laboratory, Esmeralda was a campus favorite until it was discovered that she was an Esmeraldus, and insisted upon being the Rand Hall alarm clock (the kind you can't shut off); and was finally sent off to the Sawyer Farms, a local preparatory school for obstreperous chickens.

CAMPUS HUNTERS ATTEMPT TO MAKE BIER FOR BEAR was the Lyly streamer in a local paper last fall when six members of the student body rallied to the chase after a report had been wired in from the Sabattus Mountain Reservation that the smell of bear was in the air. Dayton Taylor, Antone Duarte, and Edward Wellman started out with their French seventy-fives escorted by Carl Milliken, Frank Manning, and His Honor (who didn't have any) to snare the beast. After a long hunt, in which the sportsmen found nothing, they gave up the trip and consoled themselves by going over to Brunswick and shooting the Bowdoin bear.

The days of the Gibson girl returned to the fairer side of the student body this season with the advent of the knitting needle. Beside adding color to the many Campus yarns, it kept those, who were used to knitting their brows, in stitches. So many sweaters were thrown together that the Athletic Association dispensed with the old-time custom of awarding letters to varsity material. We take this opportunity to notify parents who sent money on to daughter dear this year—believing that it was to purchase "The Tale of Two Cities"—that it really went for "The Yarn of Two Cities."

Last Chapel Hymn

May 28, 1935

We thank Thee, God of Life,
For strength to face each task;
Through all this mortal strife
Thy help is all we ask.

We thank Thee, God of Truth,
For wisdom that sets free
In this shall be true growth,
In this true liberty.

We thank Thee, God of Love,
For blessings from thy store,
For faith that helps us prove
Our love for Thee the more.
